**Instructions to Reviewers:**

. All individuals reviewing this application are required under 35 USC 181 to sign and date this form regardless of whether they are making a secrecy order recommendation.

. The attached copy of the application, any copies made therefrom and this form must be returned to the PTO once a recommendation not to impose secrecy has been made or a secrecy order has been rescinded.

**Instructions for Completion of Review:**

Pursuant to 35 U.S.C. 184, the subject matter of this application may be filed in a foreign country for the purpose of filing a patent application without a license any time after the expiration of 6 months from filing date unless the application becomes the subject of a secrecy order.

35 U.S.C. 184 (b) (1) provides that an invention described in a patent application filed in the United States shall not be the subject of a secrecy order if the invention is not described in a patent application filed in a foreign country within 6 months after the date of the filing of the application in the United States. This provision will be applied to the invention described in the application of [redacted] filed on [redacted] 2004. It does not appear that the invention described in the application of [redacted] is described in a patent application filed in a foreign country within 6 months after the date of the filing of the application in the United States. Therefore, the invention described in the application of [redacted] is not the subject of a secrecy order.
